

RAHUL S

SOFTWARE DEVELOPER

M: 8971911735 • Bangalore, India • Reddyrahul855@gmail.com

OBJECTIVE

To utilize my 3+ years of experience in software development to design and implement innovative, high-performance solutions while staying updated with the latest technologies to meet and exceed organizational goals.

PROFILE SUMMARY

- I am a highly motivated and skilled Software Developer with over 3+ years of experience in software development.
- Skilled in crafting responsive and dynamic user interfaces using **HTML, CSS, SCSS, JavaScript, and React.js**, ensuring seamless user experiences across devices.
- Utilizes SCSS and CSS frameworks like **Bootstrap** to create visually appealing and user-friendly designs.
- Comprehensive experience in developing end-to-end web applications, integrating front-end technologies with robust back-end frameworks like **PHP** and **Laravel, Node Js**.
- Strong command over **MySQL** for designing, optimizing, and managing databases to ensure efficient data storage and retrieval.
- Adept at creating scalable and high-performing web applications through effective code optimization and efficient architecture design.
- Experienced in building and integrating RESTful APIs, enabling seamless communication between client and server systems.
- Familiarity with **Agile methodologies** and participation in sprints to deliver high-quality features in a fast-paced environment.
- Deep understanding of coding standards, best practices, and version control tools like Git for collaborative development and maintainability.
- Proven ability to debug and resolve complex issues across the technology stack, ensuring the reliability and efficiency of applications.
- Passionate about staying updated with emerging web technologies and trends, ensuring the delivery of modern and innovative software solutions.

EDUCATION

Bachelor of Engineering: Computer Science-2019

Vijay Vittala Institute of Technology

Pre-University Course: PCMC-2015

Cambridge Composite Pu College

Secondary Level School Certificate-2013

Bhartiya Vidya Nikethan high School

TECHNICAL SKILLS

- Programming Languages: Laravel, PHP
- Scripting Languages: HTML5, CSS, Bootstrap, JavaScript,
- Databases: MySQL
- Web Servers: XAMP
- Version Control: GitHub

EXPERIENCE

1. Toyota Tsusho Insurance Broker India Pvt Ltd

Software Developer
SEP 2021 – NOV 2024

PROJECTS

1. SAIBA DASHBAORD

It is a reporting system that handles General insurance & Life insurance data. It is used to view the reports on different time frequencies. It includes different types of branches & departments. It calculates the total summary of premiums. It has multiple categories of reports like

1. General Report & Life Report.
2. Client Summary Report & Korean and Dealer Report and Branch wise Report.

It shows the reports in chart formats like Pie and Bar chars to visualize the data. The system can aggregate the totals on a daily, monthly and yearly basis. The system also visualizes the data of every fiscal year.

Technologies: Reacts.js, Node.js, MySQL, Git Hub.

Roles & Responsibilities:

- Gathered client requirements and translated them into functional software applications.
- Implemented query optimization techniques to improve application performance
- I have hands-on experience working with APIs in various projects
- I have experience working on third-party API integration in various projects
- Collaborated with team members using GitHub for version control.

PERSONAL DETAILS

Name:	Rahul S
DOB:	06/09/1997
Place:	Bangalore
