

---

Dedicated and results-oriented Automation Test Engineer with 3+ years of experience in designing and implementing test automation solutions for diverse domain like e-commerce. Proven expertise in API testing and Selenium Java. Proficient in using STLC tools such as JIRA, GIT, SoapUI, and Postman. A goal-oriented person desired to deliver the best outcome in all possible ways. I am seeking to leverage my skills to drive quality and efficiency in challenging testing projects.

## Skill Set

---

- |                         |  |
|-------------------------|--|
| • Test Automation       | - Selenium WebDriver, TestNG                         |
| • API Testing           | - Postman, SoapUI                                    |
| • Test Frameworks       | - Page Object Model (POM), Data Driven, BDD Cucumber |
| • Test Management Tools | - JIRA   |
| • Backend testing       | - Rest Services                                      |
| • CI/CD                 | - Jenkins  |
| • Version Control       | - Git  |
| • Programming Languages | - Java   |
| • Databases             | - PostgreSQL, Oracle                                 |
| • Methodologies         | - Agile/Scrum  |
- 

## Project Overview

- |                    |                            |
|--------------------|----------------------------|
| • Company Name     | - Cigniti Technologies.    |
| • Project          | - Rent A Center.           |
| • Domain           | - Ecommerce.               |
| • Tools Used       | - Selenium Java & Soap UI. |
| • Project Duration | - JUN 21- till Date.       |
| • Designation      | - Engineer.                |
| • Team Size        | - 12.                      |

### ➤ Responsibilities

- Worked on API testing using SOAP UI and Postman. Validated and automated multiple complex services, ensuring the reliability and functionality of Rest Services.
- Implemented continuous integration in CICD, enabling automated test execution on code commit and execution.
- Performed regression in CICD pipelines to make sure the existing functionality was working fine.
- Verified the service failures in logz.io for root cause analysis and reporting to the dev team.
- Tested the batch job validation in the AWS S3 bucket.
- Mentored and guided newly recruited trainees, ensuring their smooth integration into the project and fostering a culture of knowledge sharing and skill development.
- Utilized Selenium WebDriver and TestNG to automate regression test suites for a complex e-commerce application.
- Successfully automated end-to-end test scenarios using Selenium WebDriver, reducing manual testing efforts.
- Designed and developed test scripts to automate functional test cases, ensuring comprehensive test coverage.
- Seamlessly integrated tests into the existing automation framework to enhance overall test coverage and efficiency.
- Collaborated with clients to prioritize and present the developed automated test cases and ensure alignment with project goals.
- Proven ability to support multiple projects under tight deadlines, often with competing priorities and complexities.

## Awards

---

- Honored with the "**Applause Award**" by the client in recognition of exceptional support during a critical release, involving the successful automation of over 8 user stories within a single sprint.
- Recognized with the "**Best Quality Delivered Award**" for consistently delivering high-quality work throughout the project.
- Proud recipient of the "**Best Employee Award for the year 2022**" in acknowledgment of my significant contributions to the project and the outstanding feedback received from our valued client.

## Education

---

- |                                   |  |
|-----------------------------------|--|
| • BTech in Mechanical Engineering | - Krishna Chaitanya Institute of Technology&Science College. |
| • 12th Intermediate               | - Narayana Junior College.                                   |
| • 10th SSC                        | - Bhashyam Public School.                                    |

## Declaration

---

I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.
