Objective

I am looking forward to work in an organization, which provides the environment for growth with competent and strong leaders **in Manual and Automation Testing** having an experience **in Functional, Non Functional, Globalization, UI Testing, API Testing, Web service Testing using POSTMAN, Automation Testing (Selenium Web driver with JAVA**). I have an urge and inclination for learning new technologies, a strong work ethic combined with a commitment to excellence in all projects undertaken.

Career Summary

- Working as **Software Quality Analyst** at **Futures First Pvt. Ltd**, from December 2020 to up till Now.

Professional Summary

- Having 4 years of Experience in **Software Testing** on **web-based** applications.
- Experience in **Sanity Testing and Functional Testing, non- functional testing.**
- Expertise in **Defect Life Cycle / Bug Life Cycle**
- Have good knowledge about **SDLC** & **STLC.**
- Knowledge in **Database Testing** with **SQL queries** on **manual techniques.**
- Good understanding of database concepts.
- Experience in **Selenium automation Test Tool** with descriptive programming using **Java Language.**
- Performed different testing like **Sanity Testing, Functional Testing, Globalization Testing, Retesting** and **Regression Testing.**
- Knowledge in **Test design Techniques** like **Equivalence Class Partitioning** and **Boundary Value Analysis .**
- Involved in **Test case design**, **Test case review**, **Test case execution**, **Defect tracking.**
- Ability and passion to quickly learn and implement new technologies as required.
- Very Good understanding of **Software Development Life Cycle** (**SDLC**).
- Good knowledge in **Software Testing Life Cycle** (**STLC**).
- Hand's on experience in **APACHE POI.**
- Knowledge in **Testing Methodology, Agile Methodology** and **Agile Meetings**.
- Good knowledge in **Regression**, **Re-testing** and **defects** fixed by developer.
- Good Experience in Web Service Testing with the help of **POSTMAN** Tool.

- Basic Knowledge about **REST-API** in **API's Testing** .
- Experience in constructing **Relative** and **Absolute XPath**.
- Experience in identifying web elements using **XPath**.
- Performed **Automation testing using Selenium on Web based (Browser) application**.
- Used the Hybrid Framework i.e. **Data Driven** and **POM Structure** Testing using **Selenium Web driver**.
- Familiar with **POM** (**Page Object Model**) classes and **Maven**.
- Experience in Automating **Web Application** Testing using **Selenium WebDriver** with **TestNG** framework.
- Experience **TestNG**, **Annotations** and keywords.
- Good understanding in **JAVA, OOPS Concept, Collection and Arrays.**
- Executed test scripts on **Edge, Firefox** and **Google chrome** as a part of **Cross browser testing**.
- Knowledge of handling **Iframes**, **Mouse Hover actions**, **Popups** and **Dropdowns** using **Actions Class** and **Select Class.**
- Experience in writing **manual test cases** and **execution**.
- Sound practical Knowledge in **JAVA**.
- Hand's on experience in **APACHE POI.**
- Experience working in **Agile methodologies** and Attending all **Agile Ceremonies**.
- Good communication, collaboration with proficiency at grasping new technical concepts quickly and utilize the same in a productive manner.

Education

- Bachelor in Computer Application from Mahatma Gandhi Kashi Vidyapith(MGKVP), Varanasi.

Technical Skills

Operating Systems : **Windows**
Languages   : **Java**, **SQL**
IDE   **: Eclipse**
Tools   : **Selenium**,**POSTMAN**, **JIRA**,**GIT, GITHUB**
Testing Types   : **Automation Testing, Manual Testing, Database Testing,APITesting**.
Framework: : **Test-NG, TDD, Maven**

Projects

1: Domain : Healthcare
Roles & Responsibilities:

- Involved in designing **Test Scenarios** and **Test Cases**.
- Actively participated in **Peer Reviews** of **Test Scenarios** and Test Scripts
- Involved in **Functional Testing, Retesting,** and **GUI Testing**
- Responsible for providing the **Test reports** to **Test Lead**.
- Logged Defects using **Jira as a Project management Tool**.
- Used to set the status of defects based on **Priority and severity**.
- Created and maintained modular automation scripts in webdriver to enhance test efficiency.
- Knowledge in Web Application automation using **Selenium WebDriver**, **Java** with a solid understanding of its Automation Tools.
- Involved in the preparation of Daily and weekly status reports.
- Performed the Database testing with different testing methodologies **like Functional Testing, Boundary testing.**
- Performing **Functional Testing, Non-Functional Testing** and **Re-Testing**.
- Actively participated in daily/stand-up calls.

2: Domain : Insurance
Roles & Resonsibilites:

- Involved in designing **Test Scenarios** and **Test Cases**.
- Actively participated in Peer Reviews of **Test Scenarios** and **Test Scripts**
- Involved in **Functional Testing**, **Retesting**, and **GUI Testing**
- Responsible for providing the **Test reports** to **Test Lead**.
- Logged Defects using **Jira** as a **Project management Tool**.
- Used to set the status of defects based on **Priority** and **severity**.
- Involved in the preparation of Daily and weekly status reports.
- Performed the **Database testing** with different testing methodologies like **Functional Testing**, **Boundary value Testing.**
- Performed **Automation testing** using **SELENIUM WEBDRIVER** on **Web based (**Browser**) application**
- Expertise in **TDD** for automating advanced functionalities for front-end automation frameworks.
- Performing **Functional Testing, Regression Testing** and **Re-Testing**.
- Generated test reports from using **TEST-NG** and also performed parallel testing through testng.xml file.
- Extracted test data with **APACHE-POI** for execution of test cases using parameterization..
- **Actively participated in daily/stand-up calls.**
- Involvement in **Database Testing**.
- Knowledge in Web Application automation using **SELENIUM WEBDRIVER** and very good understanding of its Automation Tool,Well versed in identifying Web Elements Using all types of **Locators** in **Selenium Web driver**, **Apache POI library**, **TestNG**.

Declaration

- I do here by declare that the above information is true and complete to the Best

of my knowledge and belief.
